

Help Grow Our Garden of Smiles

We are proud to announce the first year of SHAS Summer Camp was a huge success. An idea that began a couple of years ago blossomed into an eight-week camp, aimed at providing an enriching and fun summer experience for current and prospective SHAS preschoolers. We are thrilled that more than 50 campers enjoyed SHAS Summer Camp—a testament to our school's reputation for quality teachers and our wonderful child-centered program.

With this overwhelming response from the community, we are looking ahead, G-d willing, to an expanded summer camp next year to accommodate even more children. Our backyard lawn, however, needs professional attention to fix sinkholes, level off the land, and fence it in to comply with state regulations for preschool property.

We turn to you—
***SHAS grandparents
and supporters—***
to nurture this project so our children will enjoy expanded green space at camp and throughout the year as well. Please consider contributing to this worthwhile project—
and help us grow
a garden of smiles!

To contribute to the Garden of Smiles, please write a check to
“Striar Hebrew Academy” and
note “Garden of Smiles” in the memo.

Kindly mail it to:
